TO:

Whom This May Concern

Dear Hiring Team,

As a recent Full Stack Developer Bootcamp graduate, I am excited to bring my newly acquired skills to the industry. With a strong foundation in both front-end and back-end development, I have experience creating responsive and dynamic web applications using HTML, CSS, JavaScript, React, Node.js, and SQL.

During my time in the bootcamp, I have worked on several projects, collaborating with fellow students and applying agile methodologies to deliver high-quality products. I have also gained experience with version control using Git and GitHub and deploying applications using cloud services like AWS.

As a quick learner and team player, I am eager to continue my growth as a developer by working with experienced professionals in a dynamic and challenging environment. I am open to opportunities that will enable me to apply my skills and learn new technologies while contributing to the success of the organization.

Overall, I am a highly motivated and adaptable individual, committed to delivering efficient and user-friendly solutions that meet business objectives.

I have attached a copy of my resume detailing my education and experience. I can be reached anytime by phone at (209)482-8022 or email at ulloajazz6@gmail.com. Thank you for your time and consideration. I look forward to speaking with you soon.

Sincerely,

Jasmine Ulloa

PROFILE

I am a Full Stack Developer Bootcamp graduate with expertise in front-end and back-end development, including HTML, CSS, JavaScript, React, Node.js, and SQL. Through collaborative projects and agile methodologies, I gained hands-on experience and demonstrated my passion for innovative solutions. I am eager to apply my skills, learn new technologies, and contribute to the success of a dynamic team.

EDUCATION

2022 - 2023 UC Berkeley Extension Coding Boot Camp
Certificate of Completion

2016 - 2019 San Joaquin Delta College
Associate of Science (AS)

EXPERIENCE

2023

Bootcamp Graduate, Full Stack Coding Bootcamp • Berkeley, CA
Web Developer

- Completed intensive full-stack web development program covering HTML, CSS, JavaScript, React, Node.js, and more
- Collaborated with team members on multiple projects, including:
- Project 1: Developed and designed a pet adoption site by integrating data received from multiple server-side API requests. Worked on the front-end logic to add your favorite pets to local storage.
- Project 2: Combined a robust back end—with servers, databases, advanced APIs, and user authentication—to an intuitive front end that allows users to create a project details board. Constructed a RESTful application programming interface to implement CRUD operations.
- Earned certificate in Full Stack Web Development from UC Berkeley Extension Coding Boot Camp
- Completed coursework on front-end development, back-end development, databases, and API development
- Participated in coding challenges and hackathons to improve problem-solving and teamwork skills

SKILLS

HTML, CSS, and JavaScript 

Front-End Frameworks 

UX/UI 

Database Management 

Server administration 

RESTful API
